MEMORANDUM FOR CHIEF SIGNAL OFFICER, UNITED STATES ARMY
NATIONAL DEFENSE BUILDING
WASHINGTON, D. C.

SUBJECT: Letter of Appreciation

1. The Still Picture Branch, Army Pictorial Service, recently completed a project for the Central Intelligence Agency which included the reproduction of three volumes of an atlas in color.

2. It is believed that the successful completion of this work was due to the untiring efforts and close supervision of Mr. R. C. Barrett, Chief of the Still Picture Branch, and his assistant, Mr. P. D. Salles. Their stimulating ideas and careful attention to the many details were responsible for the outstanding quality of the finished job. Their technical skill and knowledge resulted in a saving to this Agency of approximately four thousand dollars. Will you kindly inform Mr. Barrett and Mr. Salles of my appreciation.
